

Strategy. Design. Engineering.

# Together, let's be extraordinary

Thoughtworks is a dynamic and inclusive community of bright and supportive colleagues who are revolutionizing tech. As a leading technology consultancy, we're pushing boundaries through our purposeful and impactful work. We deliver extraordinary impact together with our clients by helping them solve complex business problems with technology as the differentiator.

## What we do

We work with clients to design, build and deliver modern, high-quality software that drives real change. Our core services include:

Artificial intelligence	Cloud	Customer experience and product
Data and analytics	Managed Services	Modernization
Platforms	Software-defined vehicles	Software engineering

## Who we work with

We partner with forward-thinking organizations to turn big ambitions into reality. With over 30 years of global technology consulting experience, we've built and scaled the tech foundations of the world's most influential companies — from high-growth scale-ups to **Fortune 500 enterprises** including:

				SEPHORA
	FALABELLA		GOVTECH SINGAPORE	Telkomsel
		CREDIT SUISSE		Whirlpool

## Our tech stacks

We embrace a wide range of technologies. Here are some of the popular ones you might encounter:

Frontend	Backend	QA	Cloud/System
JavaScript   ReactJS	Java   NodeJS	Selenium   Appium	Azure   AWS   GCP
TypeScript   VueJS	C#   Python	JUnit   Cypress	CI/CD   K8S

## Driving innovation and empowering the tech community

At the heart of our work is a passion for learning and sharing knowledge. We believe in empowering the tech community by making knowledge accessible to all. Here's how we're doing it:

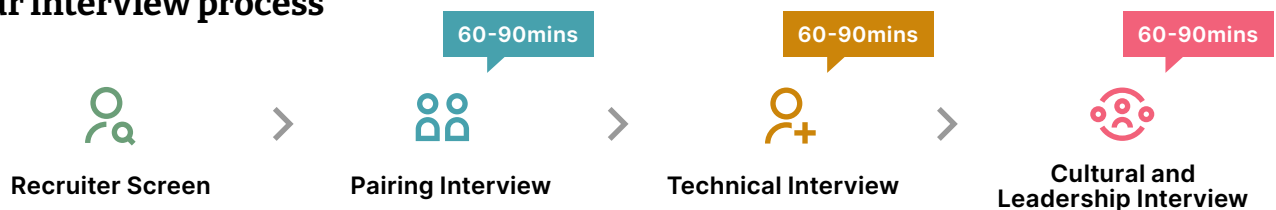

<b>Technology Radar</b> Insightful reports on emerging tools, platforms and practices, guiding smart tech choices	<b>Blogs</b> Covering everything from in-depth technical subjects to the latest business trends	<b>Tech talks and Meetups</b> We host local tech events to foster open dialogue and share insights on trends and practices
<b>Books</b> Authored by Thoughtworkers, covering topics from agile transformation to software architecture to continuous deployment and more	<b>Technology podcast</b> Conversations with Thoughtworkers and industry leaders on the latest trends, challenges and innovations	

Our office in Vietnam is rapidly growing and we're on the lookout for talented individuals who share our love for technology and our commitment to crafting exceptional software. If you're a curious explorer, a problem-solver, a team player and an agile advocate, join our team and make a real impact.

## Why Thoughtworks

<b>Innovation at the core</b> Experiment, challenge the status quo and leverage the latest tech stacks	<b>Open culture</b> Your voice matters. We encourage open communication, innovation and a psychologically safe environment	<b>Competitive benefits</b> Enjoy a comprehensive benefits package including a flexible work life balance and empowering tools
<b>Empowering your growth</b> Continuous learning, mentorship and resources to fuel your career	<b>Global impact</b> Collaborate with brilliant minds worldwide on diverse projects	<b>Minimal bureaucracy</b> Focus on what matters most, your work
<b>Chart your course</b> Take control of your career journey with our support and guidance	<b>Great Place to Work-Certified™</b> Recognized as a Great Place to Work® in Vietnam for 2024-2025, we're committed to fostering a positive and inclusive work environment
